

THIS could be YOU!

The Rolex 24 at Daytona Driver Challenge presented by Sunoco is a challenge between racers in the participating series where the top scorer will win a drive in a Daytona Prototype at the 2010 Rolex 24 at Daytona including pre-race testing, hotel accommodation and flights from the UK to Orlando/Florida. The points system, which is weighted against number of races in each series, will award points for race position, pole position and fastest lap. The challenge's aim is to find the fastest sports car/Formula racer in Europe and to give him the opportunity to showcase himself in front of the world of motorsport
